**Repeatability** is expressed as a standard deviation from 10 weighing cycles. **Stabilization time** depends on the ambient conditions and the dynamics of weighing pan loading; specified for FAST profile. <sup>1</sup> Barcode scanners, available as weighing instrument accessory, communicate with the instrument via USB interface exclusively. \*Power consumption depends on the terminal configuration and the number and type of external devices connected.

\* Wi-Fi® is a registered trademark of Wi-Fi® Alliance.
