# X-ray Detector Easy Scope 400

The drawings, photos and graphics used are for illustrative purposes only.

## Overview

EasySCOPE detectors are advanced solutions intended for detection of contamination in pre-packaged food products.

The detectors feature X-ray which enables to detect not only metal contaminants but also wooden or plastic residues.

EasySCOPE detectors are available in two versions: for up to 400mm or up to 600mm wide products.

Area of use: Food industry, Cosmetics industry, Chemical and pharmaceutical industries, Functions: Product quality control, Reliable detection, Supervision over production line, Customer protection, Instruments protection. Features: Precise X-ray detection system for detecting contaminations that cannot be sensed using conventional induction sensors, Conveyor integrated with the equipment, Remote operation, Possibility to connect warning system and contamination separation system.

## Compatible with

DWM H2 Checkweighers

DWM Checkweighers
