# Under-hook weighing rack for XA balances

The drawings, photos and graphics used are for illustrative purposes only.

## Overview

A rack for under-hook weighing intended for balances XA.

The rack is designed for weighing loads requiring carrying out the measuring process outside the main weighing platform, e.g. loads with non-standard dimensions and sizes and those generating a magnetic field. The rack also facilitates determining density of loads.

The rack is available in powder coated mild steel finishing.

## Compatible with

XA 5Y.A Analytical Balance  
Analytical Balance for Filters XA 5Y.F

XA 5Y Analytical Balance
