# Scale Editor 2.0

The drawings, photos and graphics used are for illustrative purposes only.

## Overview

Scale Editor 2.0 enables scale operation using a PC via the following communication interfaces: RS 232, Ethernet or Wi-Fi. The software supports two groups of devices, working with them in different ways.

The first group of devices includes the following scales:

C315, WTC, WLC, H315.

The main functions of Scale Editor 2.0 for the C315, WLC and H315 scales are:

downloading weighing records and Alibi memory, printing weighing and Alibi records, exporting weighing and Alibi records to MS Excel, txt and .pdf files, printout configuration (to a computer or printer), Wi-Fi module configuration, Ethernet module configuration.

The second group of devices includes the following scales:

HY10, WPY, WLY.

The main functions of Scale Editor 2.0 for the HY10, WPY and WLY scales are:

database editing on the scale, database export/ import, CFR report generating.

DownloadScale Editor 2.0

CAUTION!We do not sell packaging version of the software.
