PUE HY10
Terminal
ADVANCED WEIGHING SOLUTION FOR INDUSTRY
Quality and precision in challenging working conditions
Customization to production process requirements

Screen Customization
PUE HY10 screen is customizable to make it suit your individual preferences and specific requirements of any production process.

Production Processes Editor
‘Traceability Processes’ function enables you to precisely program weighing process course. As an operator, you are guided step by step, therefore there is no need for you to worry that any operation might be omitted.

Remote Setup
The remote setup is a cutting-edge solution. Now you can set PUE HY10 terminal from anywhere in the world. All you need to connect to the terminal is Internet and ‘Parameters Editor’ application.

Applications in Line with Industry Requirements
PUE HY10 software makes the terminal possible to be used for vast range of industrial applications, e.g. labelling, dosing, parts counting, formulations, prepackaged goods control (PGC), statistic quality control.

Reliability and Hygiene in Challenging Conditions
Stainless steel mechanical design and IP68/69 in-use facilitate terminal operation under challenging industrial conditions. These two characteristics make the terminal meet high hygiene standards for food and pharmaceutical industries.

Managing Multi-Platform Systems
PUE HY10 terminal can support operation of 6 weighing platforms (including 2 load cell ones). It offers connecting laboratory balances and weighing modules.

Databases and Ease of Archiving
Large PUE HY10 terminal database facilitates archiving the results of your work and reports. The data can be exchanged between terminals. Data import and export options are at your disposal.

Hermetic stainless steel housing guaranteeing faultless operation in humid and dusty environment.

10.1” colour capacitive display of 1024x600 pixels resolution providing good ergonomics.

Complex customization option, i.e. self-designed screen layout and menu.

HY 10 terminal features pictograms database providing you with icons that can be assigned to weighed products.
