

Fabric dust covers for balances and moisture analyzers

Protection against scratches and dirt.

Fabric dust cover for MYA 4Y

Fabric dust cover for XA 4Y

Fabric dust cover for AS 3Y

Fabric dust cover for PS 3Y

Fabric dust cover for PM

Features

Protection

Covers protect against dirt and scratches. They are particularly useful in harsh ambient conditions under which the balance is exposed to different forms of contamination. The dust covers are made of fabric and are reusable.

Various Models

The size and shape of the cover matches the dimensions of a device.
